

Welcome Back from the

***ATHENA MIDDLE SCHOOL***  
***PARENT TEACHER STUDENT ASSOCIATION***

We know that you have a number of things to think about and plan for your children this Back-to-School season. Make sure that becoming involved with PTSA is on your "To Do" list.

PTSA is more important than ever. Why? In many families both parents hold jobs and children have numerous activities. All these things are great, but it makes it a challenge to stay informed about and involved with what is happening in the schools. The PTSA facilitates involvement between families, community and the school for the betterment of our children.

Please show your support for our organization by returning the enclosed membership envelope. You can help increase our potential even more by signing up for just one event or activity on the enclosed Volunteer Form. Please join us!
